

Blacktip
reef shark

Cuttlefish

Emperor
angelfish

Male seahorses
look after their young.
The females don't.

Spotted
seahorse

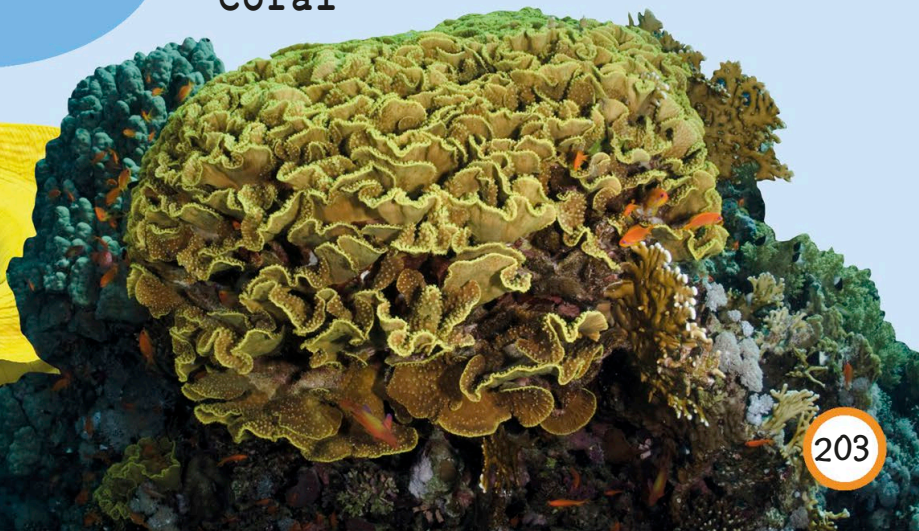

Spotted eagle
ray

What is coral?

It may look like rock, but coral is made up of lots of tiny living animals called **polyps**. Polyps have a hard skeleton to protect themselves.

Coral

Moray
eel

I like hiding in
rocky dens amongst
the coral.
