

Only the male birds
of paradise are this
brightly-coloured.

Twelve wired bird
of paradise

Female

Male

Dancing display

Male birds of paradise will do
anything they can to **impress** the
females, such as dancing, hanging
upside down, and making funny noises.

Look at the funny dance that the male victoria's riflebird does!

The dance
begins...

The male
pulls some
impressive
moves...

...at last
the female
arrives!
