Finishing

Work a chain of desired length, threading through the middle of the flowers to create a garland. Alternatively, mount individual flowers onto a safety pin or brooch back to create a corsage.

1 Work around the central circle to create five petals. Work a double crochet into the space between the next 2 dtr after each petal.

2 Crochet a series of stitches around each flower for petals. You will need double crochet, half treble, and treble stitch. Work the same number of stitches into each chain space.
