

Cupboard collage

320 Stacked shelves

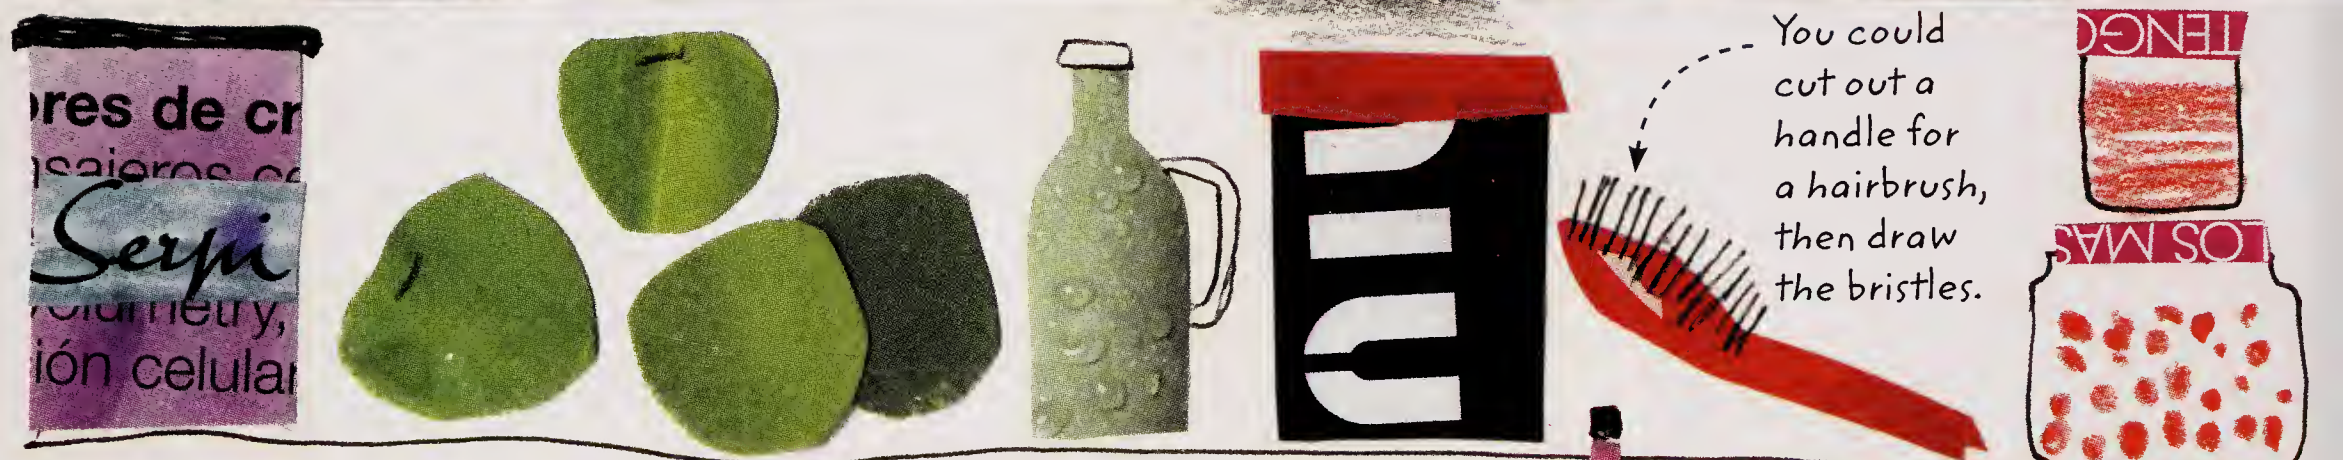

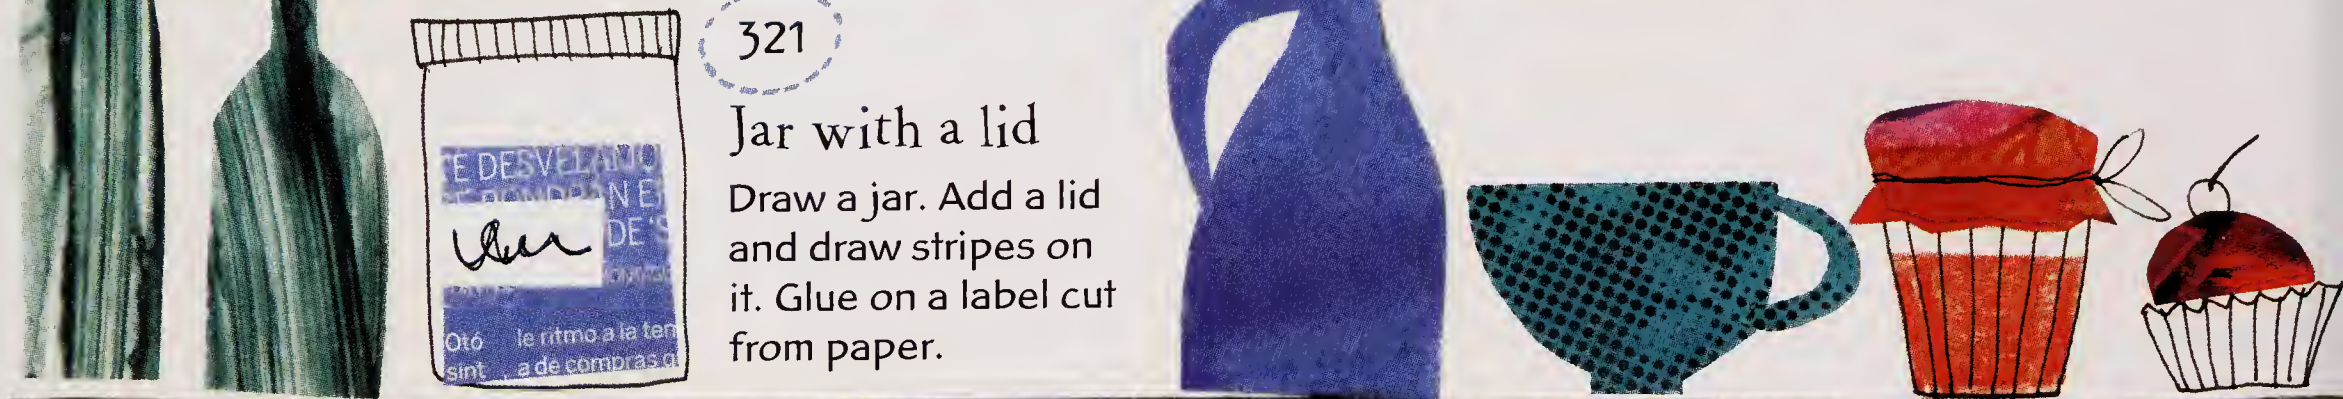

Use the ideas on these pages to fill shelves with lots of bottles, jars and bits and pieces. Draw the lines for the shelves, first, then glue the objects on top.

321

Jar with a lid

Draw a jar. Add a lid and draw stripes on it. Glue on a label cut from paper.

You could cut out a handle for a hairbrush, then draw the bristles.

322 Cupcake

Draw a paper case. Cut out a shape for the cake and glue it above the case.

Try making a fancy cake with lots of stripes for layers.
