

Night-sky scene

338 Rooftop scene

To make a scene like this one, cut out lots of buildings and roofs. Then, glue them onto a large piece of paper, starting with the buildings at the back. Glue on paper windows and draw some with a pencil.

339 Domes and spires

For different shapes of roofs, cut out rounded domes and pointed shapes for spires.

340 Tiles and slates

Use a pencil to draw 'u' shapes for tiles, and straight lines for slates.
