

Bird cage picture

32 Bird in a cage

Cut out a simple shape for a bird, then draw an eye with a white pencil. Draw a perch for the bird to sit on, then add the bars of the cage on top.

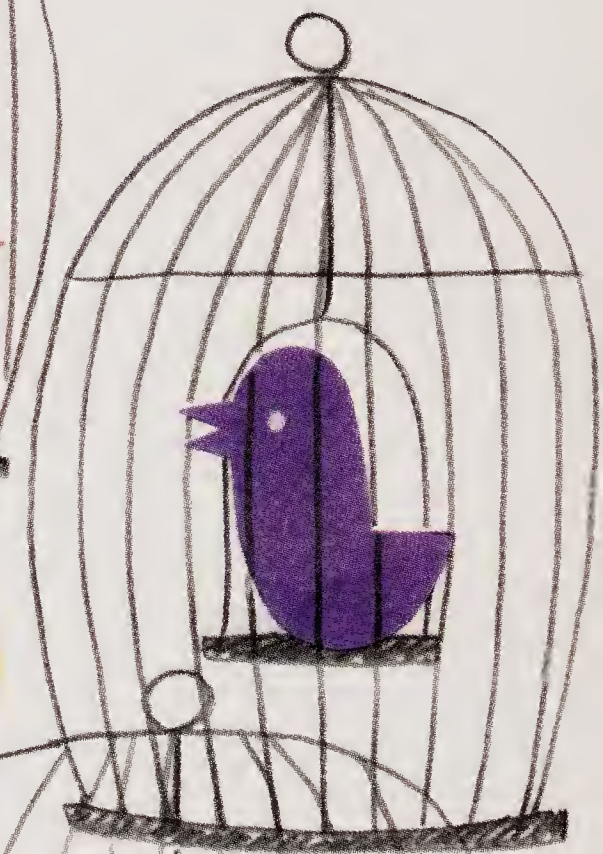

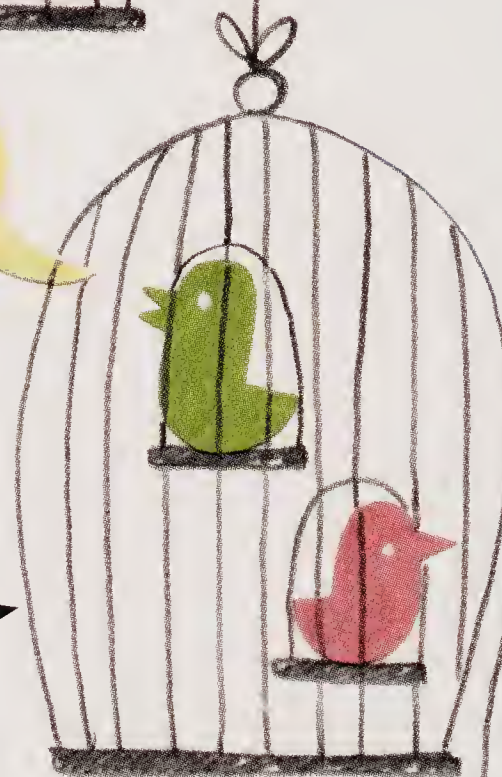

You could draw some hanging cages.

33 Sound bubbles

Cut out a bird with an open beak. Then, cut out a 'speech bubble' like those you see in comic strips. Write a tweeting message in the bubble.
