1. Fold a piece of thin cardboard in half and cut out a shape for a nose. Glue the tips together, and the ends onto a cardboard tube.

2. Cut shapes from paper for the eyes and the tip of the nose. Glue them on, then add paper whiskers and cardboard ears.

3. Glue a strip of paper around the tube. Then, cut two sleeves, and glue hands on the ends. Glue the arms onto the tube.

4. Cut two feet from cardboard and draw toes on them. Cut a little slit in each foot and slot it onto the tube.
