

72

Different eyes

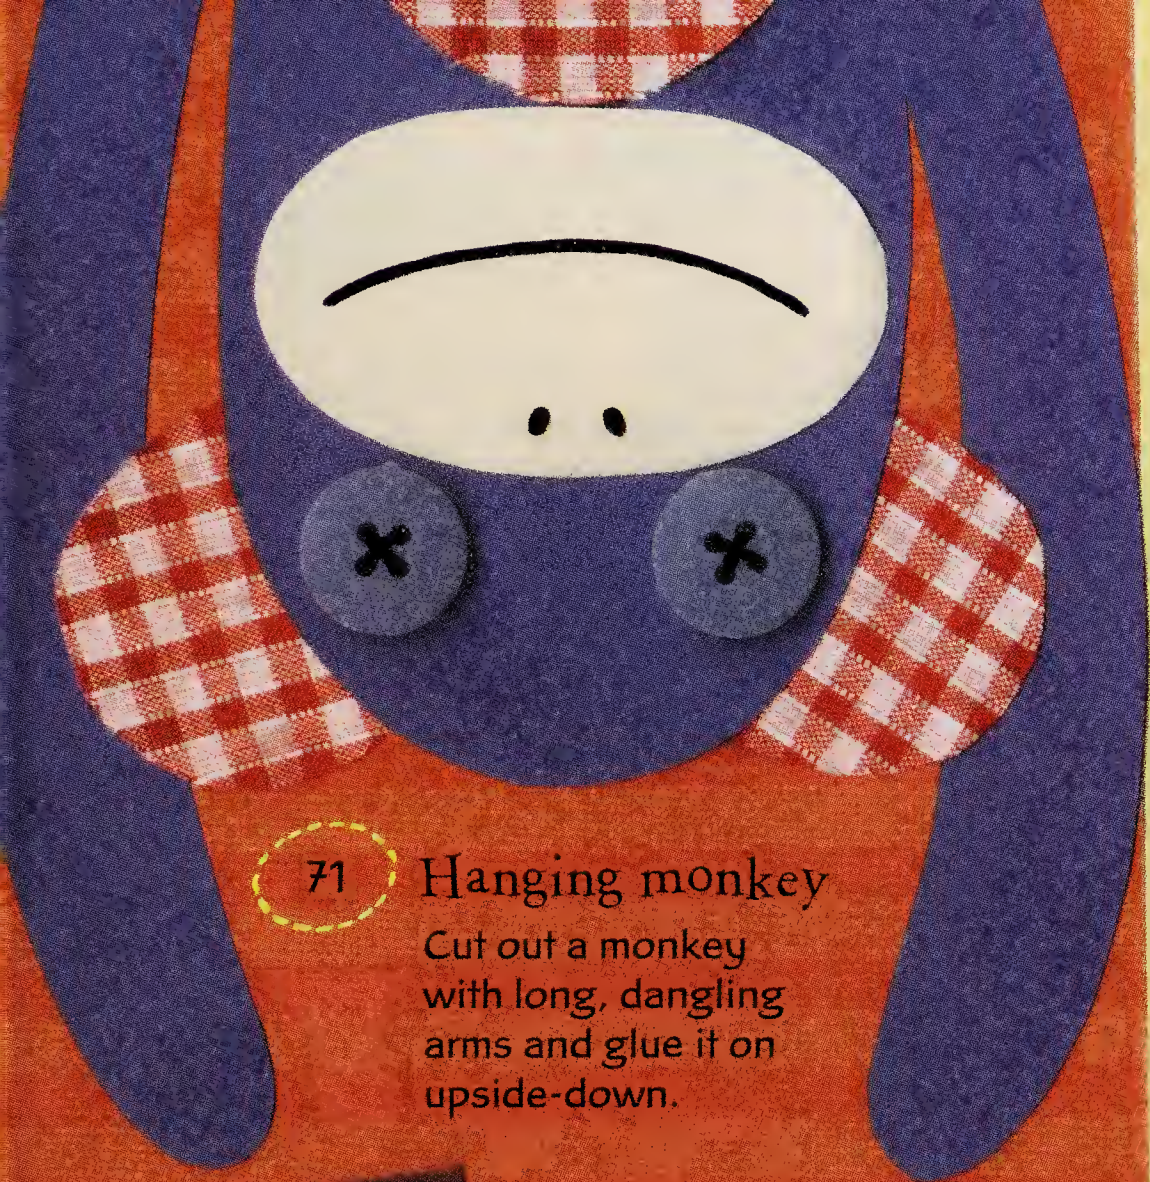

Instead of drawing stitches on buttons for eyes, glue on black, hole-punched circles.

71

Hanging monkey

Cut out a monkey with long, dangling arms and glue it on upside-down.

You could cut out a hat and glue it onto a monkey's head at an angle.

73

Material monkey

Cut out the monkey's body and arms from scraps of material. Glue on paper ears and a mouth.
