

3. Wrap thread around the body and secure the ends with tape.

4. Cut out wings from a cellophane wrapper. Glue them on, then wrap more threads around them.

5. Cut out paper eyes and glue them on. Add antennae made from rolled strips of wrappers or foil.

## 95 Double wings

Cut two sets of wings from cellophane. Glue one set on top of the other, then wrap thread around them.

## 96 Patterned wings

Cut wings from patterned wrapping paper or old magazine paper.

Twist the end of a chocolate wrapper to make a pointed nose, like this.
