

Stand-up mini monsters

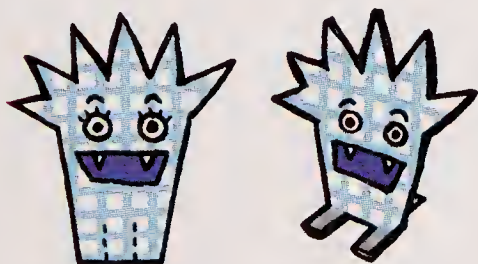

102 Simple monster

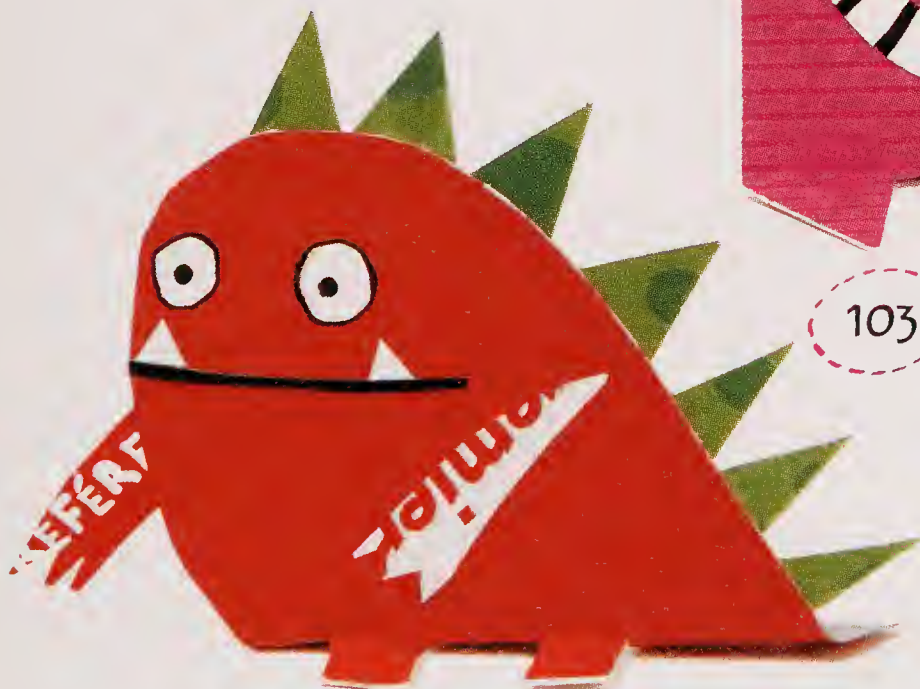

1. Glue patterned paper onto a piece of thin cardboard. Draw a shape for a body and cut it out.

2. Glue on eyes, a mouth and teeth. Draw black lines around the eyes and add eyebrows and eyelashes.

3. Make two small cuts at the bottom of the body. Fold the end parts forward to make feet. Then, fold the middle part back to make the monster stand up.

All these monsters were made from wrapping paper or magazine paper, glued onto thin cardboard.

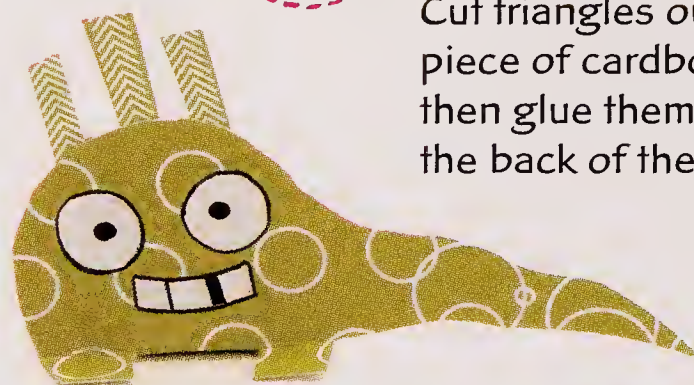

103 Spines

Cut out small triangles from patterned cardboard and glue them along the monster's back.

105 Spiky hair

Cut triangles out of a piece of cardboard, then glue them onto the back of the head.

104 Add a tail

Cut out a tail and glue it onto the back of monster, after cutting and folding the feet.
