

Owl collage

157 Paper owl

1. Paint scraps of paper with shades of thick paint and let them dry. Then, rip shapes for the owls' bodies.

2. Rip shapes for ears and wings and glue them on. Add reinforcing rings for eyes, then draw a beak, feathers and legs.

These leaves were drawn with a green chalk pastel.

Green branches

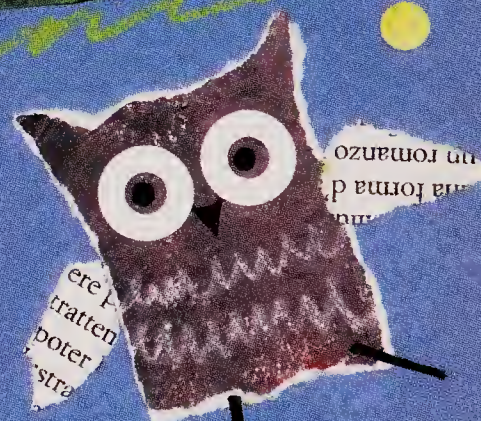

Paint different shades of green paint onto some scrap paper. When the paint is dry, cut out thin branches.

You could cut wings from magazine paper.

Draw lines to make the owl look as if it's moving.

159

Falling owl

Glue the owl's body at an angle. Add its wings flapping out at the sides.

160

Sleepy owl

Cut a reinforcing ring in half and use the pieces for eyelids. Draw some eyelashes.

161

Starry sky

Punch holes in yellow paper with a hole puncher, then empty out the shapes and glue them on as stars.
