

Folded paper people

10 Simple figure

1. Cut a strip of thick paper for the head and body, then fold it like this:-

Fold the top end over to make a tab, then unfold it.

Fold the end up to the fold.

Fold the bottom edge up to here.

2. Then, unfold the paper and make it into a box shape by re-creasing the folds. Glue the tab inside the box.

3. For the nose, cut a narrower strip of paper. Fold one end over three times, then trim along the edge.

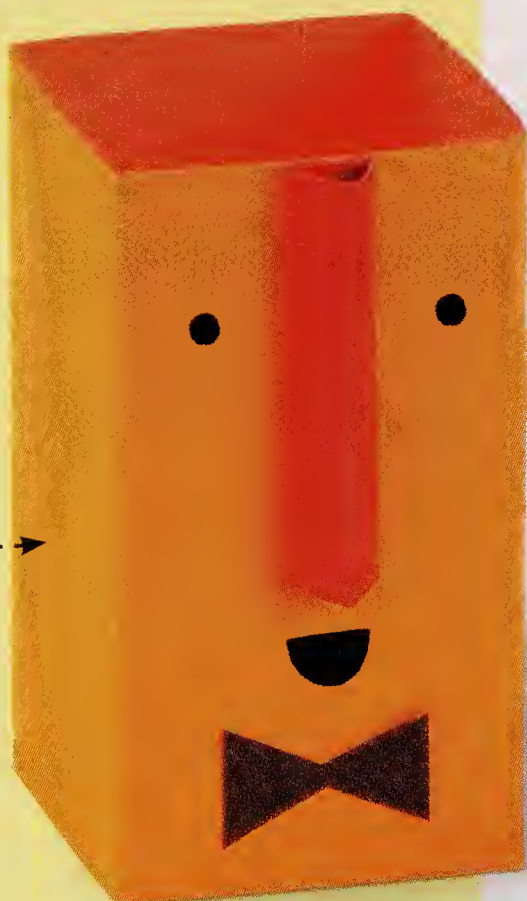

Once... twice... 3 times... snip.

4. Fold the nose into a triangle. Glue it together, then onto the face. Draw eyes and a mouth.

Glue here.

You could cut out a little bow tie and glue it on.

Collar and tie

Cut a strip for a collar, then add a tie, cut from a piece of patterned paper.

12

Striped shirt

Glue a strip of striped paper down one side of the paper before you fold it (see step 1.)
