

Clown collage

The clowns on these pages are made from lots of different scraps of paper, shiny textured cardboard from packaging and some wrapping paper.

269 Top hat

Cut out a hat and glue it on at an angle. Make a paper flower and glue it a little way from the hat. Draw a stalk.

You could add a wavy collar.

You could draw a clown on a unicycle.

270

Cut-and-stick clown

1. Start by cutting out the clown's body and legs and glue them onto a piece of paper. Add arms and feet.

2. Cut out some hair and glue it above the body. Add a nose, mouth and hat. Draw the eyes.

271

Curly shoes

Cut out big shoes with curly toes. You could cut out pompoms and add them to the toes, too.
