

You could add some juggling balls.

272 Fan collar

1. Fold over one end of a strip of paper. Turn the paper over and do the same again. Keep folding and turning.

2. Tape one end of the folded paper. Then spread the bottom edge out. Glue it around your clown's neck.

273 Acrobatics

Make one clown, then add another one standing on its shoulders.

This collar was made from shiny crêpe paper.

274 Balancing clown

Glue on the clown's arms and legs spread out at different angles. Cut out a paper circle for a ball, then glue lots of triangles on top.
