

Sports of the world

Ice hockey

Team sports

Most team sports are fast-moving ball games. The players in a team must work together to win.

Baseball

All over the world, individual athletes train hard to compete among the best in their chosen sport.

Attacker

Defender

Soccer

Basketball

One-on-one sports

In one-on-one sports, the players compete against one other person at a time.

Fencing

Squash

Animal sports

Horse racing is the best-known animal sport. But camels and other animals are raced, too.

Camel racing

Horse racing

Did you know?

The world's heaviest sumo wrestler weighs as much as four teenage boys.

Skiing

Individual sports

In some sports, people compete alone, trying to score points, or racing against the clock.

Gymnastics

High jump

Water sports

Water sports take place on rivers, in the ocean, or in swimming pools indoors.

Surfing

Scuba diving

Swimming

Canoeing
