

Note values and rest values

Note values

Note values show how many beats, or fractions of a beat, a note lasts for. Dotting a note makes its value one-and-a-half times longer. The tables below show the most common note values.

Note	Name	Value
	double whole note	8 beats
	whole note	4 beats
	half note	2 beats
	quarter note	1 beat
	eighth note	$\frac{1}{2}$ beat
	sixteenth note	$\frac{1}{4}$ beat
	thirty-second note	$\frac{1}{8}$ beat
	sixty-fourth note	$\frac{1}{16}$ beat

Note	Name	Value
	dotted whole note	6 beats
	dotted half note	3 beats
	dotted quarter note	$1\frac{1}{2}$ beats
	dotted eighth note	$\frac{3}{4}$ beat

Rest values

Rests are used to notate and give a time value to silences within the music. Note values have corresponding rest values, as shown in the tables below.

Note	Name	Value
	double whole note rest	8 beats
	whole note rest	4 beats
	half note rest	2 beats
	quarter note rest	1 beat
	eighth note rest	$\frac{1}{2}$ beat
	sixteenth note rest	$\frac{1}{4}$ beat
	thirty-second note rest	$\frac{1}{8}$ beat
	sixty-fourth note rest	$\frac{1}{16}$ beat

Note	Name	Value
	dotted whole note rest	6 beats
	dotted half note rest	3 beats
	dotted quarter note rest	$1\frac{1}{2}$ beats
	dotted eighth note rest	$\frac{3}{4}$ beat
