

Feed the ducks

Take a trip to your nearest pond or river to feed the ducks. Although your baby is still too young to feed the birds himself, he is now at a good age to concentrate longer, see the ducks clearly and track their movements, and be completely engaged by their noisy quacking. As you feed them, you might want to say a couple of verses from the rhyme "Five little ducks":

Five little ducks
Went out one day
Over the hill and far away.
Mother duck said,
"Quack, quack, quack, quack."
But only four little ducks came waddling back.

Four little ducks...
Three little ducks...
Two little ducks...
One little duck... but no little ducks came waddling back.

Sad mother duck
Went out one day
Over the hill and far away.
The sad mother duck said,
"Quack, quack, quack, quack."
And five little ducks came waddling back.
