

Legs and feet

Massage one leg at a time, working from the thigh down. Gently stroke and squeeze the leg as you work down to the foot. Finish by very gently pulling her leg and foot through your hands. Hold her feet and rub the soles with your thumbs, then gently pull each of her toes with your finger and thumb.

Arms and hands

Massage one arm at a time, working from the top of her arm down to her fingers. Then gently stroke and squeeze each arm with your hand. Rub the palms of her hands with your thumbs and very gently pull each of her fingers with your finger and thumb.
