

by this age

your baby is probably able to:

- ❁ Clasp his hands
- ❁ Pass objects from hand to hand
- ❁ Understand object permanence – that people and objects exist even when he can't see or hear them
- ❁ Listen carefully when you talk to him
- ❁ Respond to your tone of voice

Some babies may even be able to:

- ❁ Push up onto their hands and knees and rock to prepare to crawl
