

Sing a lullaby

Make eye contact with your baby and sing him a lullaby or song as you put him down to sleep. Have a small number of favorites ready so he quickly gets used to the rhythm and words of the lullaby and the soothing tone of your voice. You could try "Hush, Little Baby," "Rock-a-Bye Baby," "Baa, Baa, Black Sheep," and "Swing Low, Sweet Chariot," or simple favorites such as "Twinkle Twinkle Little Star."
