

Teddy

bears'

picnic

Whether it's a nice day and you can sit outside, or you make this a rainy day activity indoors, your baby will love to sit with you on a rug with lots of teddy bears and stuffed animals around you, and may happily talk and babble to herself. If you have a play tea set, give your baby and each animal a plate and cup and share some baby snacks. This is a great way to introduce your baby to imaginative play.
