

Bubbles on the breeze

Blow bubbles together outdoors on a bright day. Watch them as they float away on the breeze or drift to the ground, and try to pop them as they fall. If your baby is not walking yet, support her at the waist to stand and swipe at them.

Wooden puzzles

Puzzles are fantastic both as tabletop activities and problem-solving toys. Find some chunky puzzles for your baby that reveal a picture beneath each puzzle piece. Name the knob and she holds the picture as she holds the knob and lifts the wooden piece up.
