

by this age

your baby is probably able to:

- ❁ Move his head from side to side
- ❁ Coo in response to you
- ❁ Use the movements of his body to communicate with you
- ❁ See things a little further away
- ❁ Start developing bonds with other family members or familiar people
- ❁ Give his first smile
- ❁ Open and close his mouth in imitation of you when you talk to him

Some babies may even be able to:

- ❁ Look up briefly during tummy time
