

First instrument

3 MONTH

Fill a small plastic water bottle a quarter of the way up with some dried lentils. Replace the lid firmly. Put your baby's hands in yours and shake it together just a little to make a noise. Then sing one of her favorite nursery songs and shake the bottle yourself in time to the beat.

Sock play

Put a brightly colored sock on your baby's foot. Gently move her foot so she can see the sock, and tell her what color it is. She may try to grab the sock, and will be surprised if it pops off her foot.

A large, detailed illustration of a red ribbed sock, shown from the side and slightly angled. It is positioned in the lower half of the page, partially overlapping the "Sock play" text box. A small pink cartoon face with a speech bubble is located to the left of the sock's cuff.
