

by this age

your baby is probably able to:

- ❁ Control his head movements
- ❁ Explore objects with his mouth
- ❁ Notice different shades of colour
- ❁ Gurggle, squeal, and blow raspberries
- ❁ Smile to connect with other people
- ❁ “Stand” on your knee and push up with his legs as you support him
- ❁ Wriggle his body in excitement or anticipation
- ❁ Push up on his arms during tummy time (as his arm and neck control improves)

Some babies may even be able to:

- ❁ Be aware of their body in space as you move them in different directions
