

He's got the whole world

Sing
the song "He's
got the whole world in his
hands" to your baby, and then
repeat it, referring to your family
members, and any pets, if you want.

He's got the whole world in his hands,
He's got the whole world in his hands,
He's got the whole world in his hands,
He's got the whole world in his hands.

He's got the tiny little baby in his hands...
...He's got the whole world in his hands

He's got you and me, brother...

He's got everybody here...

Make a splash

If you are moving your baby to a full-size family bathtub, make sure you have a couple of floating toys—rubber ducks are fun—to encourage her to kick her legs and splash the water while you support her neck and back with your hand and forearm.
