

### Sew the mouth

On each separate piece of the whale's face, draw a pencil line curving at one end. Then sew over it with backstitch.

### Sew on the eyes

Sew a small button on one side of the whale so that it looks like an eye. Repeat on the opposite side.

Come and  
play with me—  
we can ride the  
waves.

### Close up

Sew running stitch along the open end. Finish with a double stitch.
