

Butterfly clips

Butterflies can really brighten up old hair clips.
They also make lovely gifts for friends.

For a pretty effect, sew **running stitch** in a different color thread around the edge.

Put a smaller shape on top of a larger one, then **sew** them to a piece of rickrack along the center.

Add pretty decorations such as felt shapes.

Headbands
Another way to use these butterflies is to attach them to a **headband**.

Use pearly buttons and rickrack for an extra touch.

You will need

construction paper • felt • scissors •
needle • sewing threads • rickrack or
ribbon • tapestry needle and
embroidery thread • glue • hair clips
