You'll find all kinds of animals in Maine's vast, pine-filled forests, from giant moose to busy beavers. On the rocky coastline, keep your eyes peeled for the many boats out fishing for Maine's delicious lobsters.

Moose

Maine's forests are home to the huge and majestic moose. They can eat up to 60 pounds (27 kg) of food every day—that's the same weight as four bowling balls! They can also swim about 6 mph (10 kph)—faster than some Olympic athletes!

Maine's state bird is the black-capped chickadee.
