

Maryland

Maryland has a long stretch of coastline that provides fresh seafood, like blue crabs. The state is also proud of local heroes, such as Thurgood Marshall, Harriet Tubman, and the countless fearless families of the Underground Railroad who helped protect people escaping from slavery.

Wild horses roam Assateague Island, which is shared by Maryland and Virginia.

Thurgood Marshall

Born and raised in Baltimore, Maryland, Thurgood Marshall was a brave lawyer. His great skills as a lawyer helped end the country's practice of segregation—separating people based on the color of their skin.
