

Blue crabs

One well-loved Maryland dish is steamed blue crabs dipped in butter. The claws of male blue crabs are blue with red tips, and those of females are orange with purple tips.

*The Appalachian Mountains
in Maryland*

The Underground Railroad

The Underground Railroad wasn't an actual railroad. It was a collection of families and homes known as "safe houses," who secretly hid people escaping from slavery. It was against the law to help slaves at this time, so their actions were very courageous!

*Harriet Tubman escaped from slavery
and then helped others do the same.*
