

Great Smoky Mountains

The Great Smoky Mountains cover eastern Tennessee. They are named after the natural, smoky fog that often covers the land. Great Smoky Mountains National Park is a popular place for outdoor activities like hiking, camping, and cycling.

*The state bird
is the mockingbird.
It copies the songs
of other birds.*

State animal: raccoon

Lost sea caves

Some of the most amazing landmarks in Tennessee are actually underground! The town of Sweetwater is home to the Lost Sea, the largest underground lake in the United States. It's about the size of four football fields. You can go for a boat ride in the dark caverns.
