

The state flower of Arkansas is the apple blossom.

The Natural State

Nature lovers go wild for Arkansas. There are more than 50 gorgeous state parks to explore. Fish fill the calm lakes and winding rivers. Tall mountains, spectacular waterfalls, and relaxing hot springs invite everyone to get outside and enjoy the views. No wonder Arkansas is known as "The Natural State!"

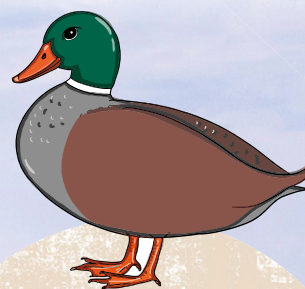

Petit Jean State Park in Arkansas

The largest diamond ever discovered in the US was found in Arkansas.

Diamonds

You can dig for American diamonds in Arkansas. The Crater of Diamonds State Park near Murfreesboro, Arkansas, is the only public diamond mine in the nation. You can search for and keep any diamonds that you find!

The city of Stuttgart hosts a competition to see who has the best duck call!
