

Bald eagles

Oh, say can you see...the majestic bald eagles soaring high above the ground? This beautiful species was endangered but is finally thriving in Colorado again.

*The top five
American cities
highest in elevation
are all in
Colorado.*

Mesa Verde National Park

More than a thousand years ago, the Ancestral Puebloans lived in the Mesa Verde region. They built elaborate homes beneath the huge cliffs in the area. No one lives here anymore, but travelers love to visit these ancient structures.
