

Number patterns

The other times tables will be easier to remember if you get to know their number patterns.
What number patterns can you see here?

Look at each number square and get to know the pattern for each times table.

These numbers are **odd** numbers.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

These numbers all end in 0. They are all found in the 10 times table.

The numbers in white are **even** numbers.
This is the pattern of the 2 times table.

Odd and even numbers

Numbers are either **odd numbers** or **even numbers**.

Odd numbers end in 1, 3, 5, 7, 9.

Even numbers end in 2, 4, 6, 8, 0.

Tip for grown-ups

This is a great time for colouring-in. Copy the number square out together and spend time colouring in the number pattern for each times table.
