

Getting tiny with the tens

How many spots do the ladybirds have?

$$3 \times 10 = 30$$

The 10 times table is easy to learn.
To multiply any whole number by 10,
just add a 0 on the end.

Remember to add the 0.

$1 \times 10 =$	10
$2 \times 10 =$	20
$3 \times 10 =$	3 _
$4 \times 10 =$	_ _

Look, here are 10 ants walking in a row.

How many ants are there now?

$$4 \times 10 = 40$$

How many flies are zipping around?
