

Mixed tables

How much will they get paid?

Price List for Jobs

Dust bedroom	3p
Feed rabbit	2p
Tidy toys	6p
Fetch newspaper	5p
Walk dog	10p

Write a sum to show how much money Joe and Jasmine will get for these jobs.

Feed 4 rabbits

$$4 \times 2p = 8p$$

Dust 2 bedrooms

$$\square \times \square = \square p$$

Walk the dog 4 times

$$\square \times \square = \square p$$

Tidy the toys 3 times

$$\square \times \square = \square p$$

Fetch the newspaper 5 times

$$\square \times \square = \square p$$

How much will they get for these jobs?

Use the space for your working out.

Dust 3 bedrooms and walk the dog twice

$$\square + \square = \square p$$

Feed the rabbit 10 times and tidy the toys twice

$$\square + \square = \square p$$
