DHL Parcycycle Netherlands 2014

Canopy keeps ice cream shaded from Sun

Cart handle acts as bicycle's handlebars

Tricycle ice cream cart India 1980s

Height and angle of the saddle can be adjusted for maximum comfort

Brake and gear cabling hang loose, so the bike can be folded

Small, 16-in (40.6-cm) wheel

Luggage rack can hold large bag

Public bicycle China 2000s

larger vehicles cannot go. The **BSA Airborne** was used by British troops during World War II—its frame folded in half when two butterfly screws were loosened. Folding bicycles, such as the **Brompton Folding Bicycle**, continue to be used by thousands of commuters. Delivery

bicycles are equipped with baskets or carriers to carry cargo. The **DHL Parcycycle** fits a giant container onto a bike to carry packages. Bicycles can also be modified, and their frames attached to carts or carriages, such as the **ice cream cart** and the pedal-powered **Penang Trishaw** taxi.
