

Common liverwort, page 60

Marchantia polymorpha

Group: Liverworts

Length: 10 cm (4 in)

Location: Europe

Dinosaur plant, page 62

Selaginella lepidophylla

Group: Club mosses

Height: 5 cm (2 in)

Location: Southern North America

Soft tree fern, page 64

Dicksonia antarctica

Group: Ferns

Height: 15 m (49 ft)

Location: Australia

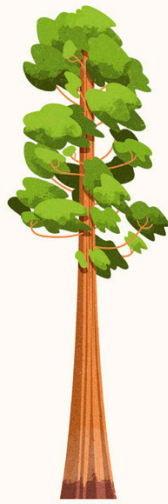

Ginkgo, page 66

Ginkgo biloba

Group: Ginkgos

Height: 50 m (164 ft)

Location: China

Giant sequoia, page 68

Sequoiadendron giganteum

Group: Conifers

Height: 95 m (312 ft)

Location: Western North America

Amazon water lily, page 70

Victoria amazonica

Group: Flowering plants

Leaf width: 3 m (10 ft)

Location: Northern South America

Southern magnolia, page 72

Magnolia grandiflora

Group: Flowering plants

Height: 30 m (98 ft)

Location: Southeast North America

Tiger lily, page 74

Lilium lancifolium

Group: Flowering plants

Height: 2 m (7 ft)

Location: Asia

Large duck orchid, page 76

Caleana major

Group: Flowering plants

Height: 50 cm (20 in)

Location: Australia

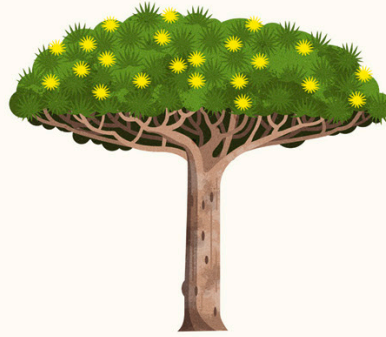

Netted iris, page 78

Iris reticulata

Group: Flowering plants

Height: 15 cm (6 in)

Location: Western Asia

Dragon's blood tree, page 80

Dracaena cinnabari

Group: Flowering plants

Height: 10 m (33 ft)

Location: Socotra island off Yemen

Coconut palm, page 82

Cocos nucifera

Group: Flowering plants

Height: 30 m (98 ft)

Location: Pacific and Indian Ocean coasts
