

Red sea urchin, page 162

Mesocentrotus franciscanus

Group: Invertebrates

Width: 20 cm (8 in)

Location: Pacific Ocean

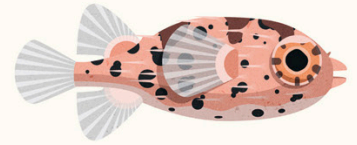

Whale shark, page 164

Rhincodon typus

Group: Fish

Length: 10 m (33 ft)

Location: Worldwide

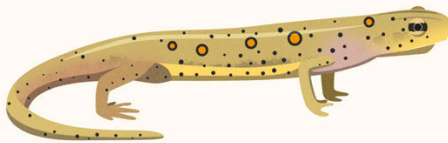

Longspine porcupine fish, page 166

Diodon holocanthus

Group: Fish

Length: 50 cm (20 in)

Location: Worldwide tropical oceans

Eastern newt, page 168

Notophthalmus viridescens

Group: Amphibians

Length: 14 cm (6 in)

Location: Eastern North America

Wallace's flying frog, page 170

Rhacophorus nigropalmatus

Group: Amphibians

Length: 10 cm (4 in)

Location: Southeast Asia

False map turtle, page 172

Graptemys pseudogeographica

Group: Reptiles

Length: 25 cm (10 in)

Location: USA

Equatorial anole, page 174

Anolis aequatorialis

Group: Reptiles

Length: 20 cm (8 in)

Location: Northwest South America

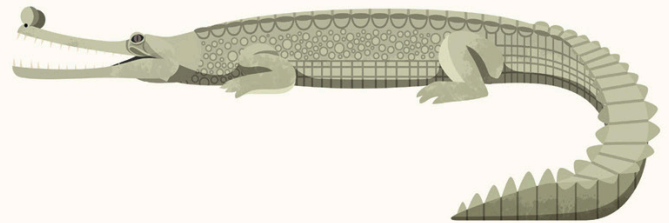

Eastern diamondback rattlesnake, page 176

Crotalus adamanteus

Group: Reptiles

Length: 1.8 m (6 ft)

Location: Southeastern USA

Gharial, page 178

Gavialis gangeticus

Group: Reptiles

Length: 5 m (16 ft)

Location: Southern Asia

Southern cassowary, page 180

Casuarus casuarius

Group: Birds

Height: 1.7 m (6 ft)

Location: Southeast Asia and Australia

King eider, page 182

Somateria spectabilis

Group: Birds

Length: 63 cm (25 in)

Location: The Arctic

Victoria crowned pigeon, page 184

Goura victoria

Group: Birds

Length: 74 cm (29 in)

Location: Northern New Guinea

Black heron, page 186

Egretta ardesiaca

Group: Birds

Length: 66 cm (26 in)

Location: Africa
