Cinderella never has the chance to repair her apron because she is always doing chores for her stepmother and stepsisters.

Wear your apron this way around to bake and switch it around to welcome your friends!

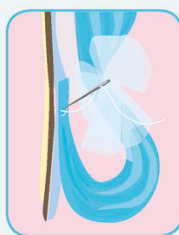

TOP TIP

You could strengthen your fabric by ironing hemming tape at the edges.

Ruched overskirt is bunched up to look fuller.

6 Gather the silky, blue fabric and tie each one with a tulle ribbon.

7 Fold the silky fabric under and secure to the base layer with a single stitch through the back of the tulle ribbon.
