

You could add glitter to the paint to make it more magical.

TOP TIP

To give your coach a magical glow, you could put a small battery-operated light inside.

Curl the back wheel more tightly so it looks fuller than the front wheel.

5 Take a long piece of wired ribbon and wind each end into a tight curl. Repeat with a second piece of wired ribbon.

6 Rest the pumpkin on top of the ribbons. You can raise the pumpkin higher by using a jar as a stand.

7 Cut a crown shape from a wide piece of ribbon. Wrap the crown around the stem and glue it in place.

8 Cut thin strips of ribbon, wind them in tight curls, then glue them around the crown.
