

TRY THIS!
What about making
your name out of
decorated letters
and sticking them
on your bedroom
door?

A green base
matches Mulan's
sleeves perfectly.

Pieces of coloured
paper are layered
to create Mulan's look.

You could add
extra details
with decorations
such as felt, jewels
or sequins.

3 If you have used paint on the letters,
wait for it to dry. Use the cardboard
letters as a template to figure out the size
each piece of your design will need to be.
Draw your shapes on coloured paper.

4 Carefully cut out the shapes
and stick them onto the letters
with glue or double-sided tape.
