

4 Cut a 2.5 cm (1 in) piece of gold ribbon. This will become the tab to hang your book from.

6 Fold at least two pieces of white paper in half, so that they neatly fit inside your book cover.

8 Place a piece of string around the fold of the whole book.

10 Repeat steps 2 to 9 to make as many books as you like. Then thread the gold cord through the loops.

5 Fold the ribbon in half to make a loop and tape the ends inside the top of the book.

7 Place the folded pieces of paper inside the cover.

9 Tie the string at the bottom so it holds everything together.

11 Now it's time to hang up your garland!

Ribbon loops around the cord.

You could use a different pattern for every book.
