

A child's room with a window. The room has a light brown wall with a repeating pattern of small, stylized brown bows. A dark blue curtain hangs on the right side of the window. On the floor, there is a dark blue blanket with white star patterns. An orange cat is curled up and sleeping on the blanket. A white pillow is also on the floor. The window looks out onto a fantastical landscape. In the foreground, there is a large, white, fluffy cloud. On top of the cloud, a vibrant rainbow arches across the sky. A small yellow figure, possibly a child, stands on the cloud near the rainbow. There are also some small yellow flowers and a small yellow dog on the cloud. In the background, there are green trees and a bright yellow sun with rays. The sky is a light blue color.

He would often imagine what
it was like up on her cloud.
