

After Nadia's performance on the uneven bars, she scored six more perfect tens at the 1976 Olympics. She also won two gold medals at the 1980 Olympics, then retired and moved to the United States in 1989.

Achievements

5

Olympic gold medals

1976—all-around
1976—uneven bars
1976—balance beam
1980—balance beam
1980—floor exercise

2

World Championship gold medals

1978—balance beam
1979—team

Score

1.00

...Getting a perfect score was thought to be impossible, so the scoreboard wasn't built to go up to 10! So instead, it read 1.00.

The crowd was confused at first, but once people realized that 1.00 meant 10.00, the arena erupted in applause!

She was amazing. Why did she only score 1.00?
