

Rugby

Rugby is a team sport where players pass and kick an **oval-shaped** ball. The goal is to score more points than the other team.

Rugby can be tough.
It helps to be big,
fast, and strong.

OUCH!

Teams move the ball by passing it to a teammate or by kicking it. Players are only allowed to pass the ball backward. The defending team tackles players to take the ball from them.

If a team places the ball on the ground behind the other team's "try line," it scores a "try" and earns points. Teams also score points if they kick the ball between the goalposts.
