

GREEN SMOOTHIE

Grapes are just glorious. They are loaded with goodness and help your blood move around your body. Bananas are equally brilliant – they contain potassium that keeps your heart beating strong. Mix them with spinach and you've got the best combo for a tasty, healthy smoothie.

INGREDIENTS

- 1 small or ½ large banana
- 75g (2½oz) green grapes
- 60g (2oz) baby spinach
- 150ml (5fl oz) milk
(Use almond milk if preferred)
- 1 tbsp honey
- 1 tbsp almond or peanut butter
- Handful of ice cubes

1 PEEL THE BANANA and break it into chunks. Put into a blender along with the grapes.

2 ADD THE SPINACH, milk, honey, nut butter, and a handful of ice cubes to the blender.

3 BLEND THE MIXTURE until smooth. If it's too thick or not chilled enough just add a few cubes of ice and blend again.
