

Getting started

In this book, you'll find lots of simple, delicious, and fun recipes to make. But before you get started, take a few minutes to read about how best to prepare.

Before you start cooking

- Read each recipe all the way through before you begin; you don't want to get halfway through and realize you've forgotten a key ingredient.
- Gather all the equipment and ingredients together.
- Tie back long hair, roll up sleeves, and put an apron on.

Look out for these symbols:

Serves

How many people the dish serves, or how many portions it makes.

Cooking

How long the meal takes to cook.

Preparation

How long preparation takes (includes chilling, freezing, and marinating).

These times are just guides, so use your judgement if you think a dish needs more time in the oven.
