

Harpy eagle

.....Swooping in

When a harpy eagle sees a monkey or sloth in the trees, it swoops down to grab it in its strong claws.

Blue-and-yellow macaw

..... Monkeying around

Howler monkeys live in the canopy and feed on leaves. They wake up the rain forest at dawn with their loud howls.

Howler monkey

Rain forests cover less than 6 percent of the Earth's surface.

..... Snakes alive

An emerald tree boa blends in among the green leaves. It squeezes its prey to death.

Emerald tree boa

..... On the prowl

A jaguar roams the forest floor looking for prey. It can also climb trees and will even swim in the river.

Capybara

Jaguar

Green iguana

Giant water lily
